EXPERIENCE

Network Technician | RabenIT

Phoenix, Arizona | August 2024 – Present

- Troubleshoot Layer 1 and Layer 2 connectivity issues via SSH, Cisco IOS, and Wireshark to restore service
- Install and terminate Cat6 cabling and crimp RJ45, and deploy APs at over **20** sites, validating links with testers
- Test and validate connectivity across switches, routers, and access points, isolating faults to restore multi-site service

Project Manager | Arizona Baseball Software Development Team

Tucson, Arizona | Sep 2025 – May 2026

- Led **cross-functional team** of **eight** to build predictive baseball performance models using TrackMan batted-ball data
- Wrote Python analysis and engineered an xHR metric estimating home run likelihood across more than **60 NCAA stadiums**
- Processed Google Earth stadium dimensions to design a **scalable formula adopted program-wide** for player development

Preceptor | Eller College of Management

Tucson, Arizona | Aug 2025 – May 2026

- Supported The Human Side of Organizations (BNAD 302) under Dr. Melendez, a University Distinguished Outreach Professor
- Graded memos, proctored early-morning exams, held office hours, and attended ethics workshops

PROJECTS

- **COMPUTA**: Personal AI assistant self-hosted on a NAS using Next.js, Docker, and Tailscale, with calendar and task integration
- **Enterprise Network Automation**: Cisco Packet Tracer network design plus a Python and Netmiko script for nightly config backups and configuration drift detection
- **Tucson Crime Prediction**: Python and scikit-learn project predicting neighborhood crime from income and demographics, with a data pipeline across six public GIS datasets and cross-validated elastic-net regression models
- **Restaurant Management System and Music Library System**: Java, OOP, and MVC group projects built entirely by hand

EDUCATION

University of Arizona

Tucson, Arizona | August 2022 – May 2026

B.S. Computer Science | Minor: Business Administration

CERTIFICATIONS, LEADERSHIP & AWARDS

CCNA Certified (Cisco Certified Network Associate)

March 2026 – March 2029

Trip Staff Leader | Mayanot / Chabad

May 2026 – Jun 2026

- Led **50** participants across a 10-day international trip; managed logistics, scheduling, and group coordination

Philanthropy Coordinator | Zeta Beta Tau Fraternity

Nov 2023 – Nov 2024

- Raised **\$8,000+** for the **Children's Miracle Network** through coordinated fundraising events

Risk Management & Wellness Director | Zeta Beta Tau Fraternity

Nov 2022 – Nov 2023

- Recognized as "**Most Outstanding Risk Management**" among **22** fraternities at the University of Arizona

SKILLS

Networking: Cisco IOS, TCP/IP, subnetting, VLANs, OSPF, STP, NAT, ACLs, DHCP, DNS, HSRP, Wireshark, Cat6/fiber termination

Programming: Python, Java, C, JavaScript, TypeScript, Bash, SQL

Software & Web: OOP, MVC, design patterns, React, Next.js, Node.js, NestJS, MongoDB

Tools: Netmiko, Docker, Git, Linux, Tailscale, PuTTY, UniFi Controller, Packet Tracer, Windows Server

Professional: Leadership, communication, problem-solving, collaboration, attention to detail, adaptability
